

MOSELEY SCHOOL FAILS OFSTED INSPECTION, JANUARY 2011

Moseley School has **FAILED** its OFSTED Inspection. It has been placed into a category, **Notice To Improve (NTI)**. So much for **Moseley School's Future in Safe Hands** under the Council's very own appointed Governors who are described as a group of a very skilled people including two ex Headteachers, a college vice principal and people with finance, legal and personnel experience.

Instead of concentrating on addressing poor school discipline, lack of respect by pupils for staff and each other, low staff morale, low Contextual Value Added (CVA), underachievement by Pakistani boys, the Interim Executive Board – made up of hand picked cronies and so called education experts with so called excellent communication skills, experience in promoting equalities and community cohesion – have been wasting their time on one destructive structural proposal after another to change the status of Moseley School from a Community School and bring in outsiders like the Royal Shakespeare Company, Kingstone School in Barnsley, Queensbridge School, etc. The Curriculum Committee did not meet at all in the 2010 spring and summer terms.

Heads should roll (excuse the pun): Will Tim Boyes, the Interim Head of Moseley School for more than two years and his cronies on the Interim Executive Board do the honourable thing and resign? Parents and the local community should call for the resignation of the Interim Head and the Interim Executive Board who have lacked passion, concern and failed to act as **critical friends**.

Thelma Probert OBE	First Chair of Moseley School IEB. Former Head of Golden Hillock School where her best achievement was 24% for five GCSE passes at A*-C including English and Maths. When she was Head of Golden Hillock School, she had a Deputy Head Teacher called Mr. T. Boyes!
Tim Boyes	Tim Boyes has been the Interim Head of Moseley School for more than two years. He has had more than enough time and support to transform Moseley School. Instead, he has wasted so much time smearing the Governing Body that appointed him and having it removed; and trying to change the structure of the school to ensure he becomes its permanent Head or Executive Head.
Pat Beanland	Second Chair of Moseley School IEB. Former Head of Kings Norton Girls School. She took over when Thelma Probert OBE was exposed as the School Improvement Partner of Queensbridge School where Tim Boyes is the substantive Head! Cronyism!
Elaine Kenney	Head of Swanshurst Girls School who wants a piece of the action.
Nargis Rashid MBE	Senior Adviser, Equalities and International Development.
Naz Khan	Vice Principal of South Birmingham College who is only interested in the interests of Attock Cricket Club rather than the interests of parents. It's just not cricket. The OFSTED Inspector bowled a googly . Howzat!
Akhtar Choudhary	Retired employee of Birmingham City Council.
Inderpal Lotay	So called Community Governor who is clueless about RaiseOnLine.
Ise Sammow	Appointed parent Governor.
James Brown	Staff Governor.
Denise Cutting	Involved in the unlawful appointments of two Deputy Heads at Moseley.
